

REPORT 2020-21

2020-21 was a time when the Palakkad District Olympic Association made proud strides through its systematic activities, despite a time of crisis caused by the disease of corona. For the first time in the history of the district, a daily office called "Olympic Bhavan" was started in the heart of palakkad.

The Olympic day celebrations were colorful. Environment day was celebrated by planting a sapling at the Olympic house premises. Despite the corona crisis, the Olympic association has been active in the sport.

Palakkad olympic association joins hands with the district police. Nearly 30,000 people attended an online self-defense class called "Fighting Spirit" for women and children, based on the concept of exercise and prevention during the pandemic of Corona.

Masks were distributed to all government hospitals and police stations in the district. Hand Sanitizer centers set up at shornur Railway station and Shoranur DYSP office.

Various projects were conceived in collaboration with the sports associations in the district. The hockey tournament was held at malampuzha and the boxing tournament was held at shornur.

When Dhanraj, a footballer from palakkad, passed away, the Olympic association came forward to bring the sports minister to his house and provide assistance.

Sree Sankar, who has qualified for the Olympics, Olympic Association went to his home to congratulate him.

The work of the "Open Gym", which is being constructed by the Palakkad Olympic Association in association with the Shornur Municipality for the first time in kerala, is in its final stages in connection with the kerala olympic associations project 'Olympic Wave'.

The distribution of sports kits to children in tribal villeges in Palakkad district is also in progress.

The Palakkad District Olympic Association passed through the year 2020-21 through activities that were transformed for the sports vibrancy of the district.
